Dear Mr. OLSON,

It was pleasure to discuss with you in the plane Seattle to San Diego.

I was completely occupied by the conference (America Control Conference) during my stay in San Diego. There were about thousand participants (eighteen sessions in parallel...). It was interesting. I enjoyed meeting friends and colleagues.

After my return I was very busy with academic affairs. Finally I have made a good copy of the book on Kosovo and Metohiya (known for brief as "Kosovo"). Please find it enclosed herein. I appreciate your interest in learning the truth.

With best regards to you,

Sincerely yours,

Lyubomir T. GRUYITCH
