NOUS AVONS HONTE ET NOUS PROTESTONS CONTRE LA TERREUR CONTINUE EXERCEE SUR LES SERBES

Nous, signataires de ce document, citoyens des pays occidentaux où nous vivons (nos adresses sont ci-dessous indiquées) : Canada, Pays de l'Union Européen et Etats – Unis, ***nous avons honte, et nous tous les signataires protestons à l'encontre***

- ***des mensonges répandus sur les Serbes***
- ***de l'utilisation de ces mystifications afin de légitimer l'injustifiable***
- ***du mépris cynique des droits humains, légaux et nationaux du peuple serbe,***
- ***de la terreur exercée sur les Serbes et sa continuation.***

Les mensonges sur les Serbes ont été élaborés, soutenus, diffusés et propagés par les médias et certains gouvernements occidentaux, tout particulièrement par les U.S.A sous la Présidence de M. Clinton. Nous n'en citerons que quelques uns :

Fausse affirmation prétendant que les républiques de la R. S. F. de Yougoslavie avaient le droit constitutionnel à la sécession.

C'étaient les nations et non les républiques auxquelles était reconnu le droit constitutionnel à l'autodétermination incluant la sécession, droit clairement énoncé dès la première phrase de la Constitution de la R. S. F. de Yougoslavie. Les pays occidentaux ont, usant de la force, fait reconnaître (malgré la réticence de beaucoup d'entre eux) les sécessions anticonstitutionnelles des républiques de Slovénie, Croatie, Bosnie–Herzégovine et Macédoine qui ont contraint les Serbes à défendre leurs vies, droits et biens dans leur propre pays. Les Serbes disposaient, comme les autres peuples de l'ancienne Yougoslavie, du droit à l'autodétermination incluant la sécession, qui est aussi précisé dans la Charte des Nations Unies (article 2, paragraphe 1). Mais les gouvernements occidentaux ont reconnu les droits et les résultats des référendums de tous les peuples yougoslaves, sauf ceux des Serbes.

Contre - vérité attribuant aux Serbes la responsabilité des guerres en Slovénie et Croatie.

Les Serbes ne sont pas à l'origine des guerres en R. S. F. de Yougoslavie. Ils n'ont fait que se défendre en Croatie. La plupart des soldats et officiers de l'Armée Populaire Yougoslave n'étaient pas Serbes. En outre, les Serbes ne constituaient pas la majorité au sein de la Présidence de la Yougoslavie. Le dernier des présidents de Yougoslavie n'était pas non plus Serbe. La République de Croatie, dès sa proclamation, s'empressa d'abolir dans sa constitution le statut des Serbes qui étaient l'une des deux nations constitutives de cette république, statut précisé et garanti par la constitution de la précédente République Socialiste de Croatie. De plus, la République de Croatie a d'emblée refusé de reconnaître la Krajina et Slavonie (majoritairement serbes) comme des provinces autonomes, tout comme de tenir compte des résultats de leurs référendums. Ces bouleversements, la campagne armée menée contre eux, ont ramené les Serbes à l'époque de la Seconde Guerre Mondiale, quand sévissait l'Etat de Croatie

Indépendant créé en collaboration avec Hitler. C'est ce qui les a décidés, en Krajina et Slavonie (partie de la Croatie habitée par les Serbes depuis au moins six siècles), à se défendre pour protéger leurs droits et leurs vies.

Fausse affirmation sur les faits suivants, avérés et maintenant historiques :

- C'est une unité paramilitaire croate qui a entrepris les premiers combats contre les Serbes de Slavonie et Krajina afin de leur interdire de faire valoir leurs droits humains et nationaux et d'appliquer les résultats de leurs referendums,
- L'imposition aux Serbes du statut de *nationalité minoritaire* en Croatie, sur leurs terres ancestrales où leur population était, de nouveau, qualifiée de « résiduelle » en raison du génocide exercé sur eux au cours de la Seconde Guerre Mondiale par un Etat Croate fasciste dont les héritiers venaient de reprendre, sur son drapeau, les mêmes symboles.
- L'obligation, pour les Serbes de Krajina et Slavonie, de se séparer définitivement de la R. S. F. de Yougoslavie malgré l'expression de leur vote référendaire . En 1995, finalement, quelques centaines de milliers des Serbes ont été chassés de leur pays ancestral (Krajina) par l'offensive militaire croate « Tempête », purification ethnique soutenue et guidée par l'administration du Président Clinton et présentée au monde entier comme un acte de justice.

Fausse affirmation présentant les Serbes comme des agresseurs en Bosnie et Herzégovine

Ils n'ont fait que défendre leurs familles, leurs droits et leurs biens. Dans leur patrie de Bosnie et Herzégovine ils étaient l'un des trois peuples constitutifs. Ils y vivaient sur 72 % du territoire et en possédaient plus que 62 %. Les faits montrent qui est l'agresseur :

- C'est à Sarajevo début 1992, qu'à la sortie d'un mariage, devant une église orthodoxe, un groupe de musulmans en armes a tué Nikola Gardovitch, père du jeune marié.
- Un peu plus tard, c'est une unité paramilitaire croate pénétrant de Croatie en Bosnie, à Bosanski Brod qui a massacré des Serbes avec leur maire (1992).
- Cette unité militaire croate s'est jointe à une milice musulmane et, le jour suivant, a brûlé le village serbe de Siyékovats, aux environs de Bosanski Brod, avec tous ses habitants.
- Les mêmes ont continué leurs méfaits en Bosnie, massacrant mille deux cents civils serbes de Srébrénitsa, Skélani, Militchi, Bratunats.
- Cette série de méfaits a contraint les Serbes à prendre les armes pour ne pas devoir revivre le calvaire qui leur avait été infligé lors de la Seconde Guerre Mondiale.
- Après cela, tout au long de la guerre de Bosnie, les Serbes durent porter leurs souffrances en silence. Le jour du Noël orthodoxe, à Kravitsé et dans d'autres villages environnants, plus de mille Serbes innocents furent assassinés, pour la plupart femmes et enfants, et leurs villages brûlés ; les hommes étaient sur le front.
- Les Serbes étaient faussement accusés d'avoir fait des camps de concentration en Bosnie, dont les photos falsifiées ne finissaient pas d'être diffusées partout.
- Ils ont préféré ne jamais montrer aux populations occidentales leurs images du « Commandant » musulman Naser Oric, de Srebrenica, tenant dans ses mains des têtes serbes coupées, ou tuant des Serbes, afin que ceux qui ont financé la participation des Moudjahidines dans cette guerre, soient satisfaits.

Fausse accusation contre les Serbes pour le bombardement de marché « Markalé » à Sarajevo.

Ce ne sont pas les Serbes qui ont commis ce crime. Tout le monde le sait en Bosnie–Herzégovine, (à Sarajevo comme à Banja Luka), en Serbie, au Monténégro, à l'ONU, partout. Mais on le cache soigneusement à l'opinion publique.

Fausse accusation contre les Serbes pour le massacre de 7000 / 8000 musulmans de Srébrénitsa.

Un tel massacre ne s'est pas produit. Dans les médias occidentaux il était strictement interdit d'annoncer cette vérité.

Fausse accusation contre les Serbes pour les Albanais sans droits, soumis à la torture et au génocide.

C'est une contre-vérité. Immigrés en Serbie, les Albanais y jouissaient des droits humains beaucoup plus larges que la plupart des immigrants dans les pays occidentaux. Ce sont les terroristes albanais qui terrorisaient les Serbes pendant les décennies.

- Pendant la deuxième guerre mondiale les Serbes du sud-ouest de la Serbie, au Kosovo-Métohie, leur berceau, subirent l'occupation fasciste de la Grande Albanie alliée de l'Italie mussolinienne et de l'Allemagne nazie. 150 000 Serbes autochtones en furent expulsés et plus de 100 000 Albanais immigrèrent pour s'y installer.
- Après la Deuxième Guerre Mondiale, non seulement Tito ne renvoya pas chez eux les Albanais installés sous l'occupation mais il interdit aux Serbes chassés du Kosovo de retourner vivre dans leurs foyers.
- En 1948 la Serbie ouvrit, cette fois volontairement, la porte de la province aux Albanais souffrant sous la dictature stalinienne d'Enver Hodja (des centaines de milliers déplacés).
- Les immigrés albanais avaient la possibilité d'y vivre en paix avec les mêmes droits politiques et sociaux que les Serbes, d'être logés dans les appartements peu coûteux, d'y recevoir une scolarité gratuite dans leur langue maternelle.
- Inversement, les Serbes y furent obligés d'observer en silence la colonisation de leurs terres et de supporter une terreur sans cesse croissante depuis le début de la deuxième guerre mondiale.
- Pour réaliser leurs desseins d'albanisation du Kosovo, les ressortissants de Tirana menaçaient les Serbes et leur faisaient vendre sous la menace leurs maisons et biens, pratique qui se poursuit jusqu'à nos jours.
- En 1989, l'Assemblée nationale de Kosovo-Métohie adopta à la majorité des voix une modification du statut d'autonomie artificiellement créée par Tito. Un changement légitime et constitutionnel.

Fausse accusation contre les Serbes d'avoir massacré les civils albanais innocents au village de Ratchak.

Comme il est maintenant avéré et confirmé par les missions de médecins légistes étrangers au pays, ce « massacre » ne s'est jamais produit. Cette fausse accusation ajoutée aux précédentes concernant les droits humains, politiques et sociaux des Albanais, constitua le prétexte pour bombarder Serbie et Monténégro. Elle est à rapprocher des déclarations angoissées de certain chef d'état européen qui mentionnait le chiffre de 100 000 disparus albanais...

Fausse accusation contre les Serbes pour l'exode des Albanais.

Ce n'est que le troisième jour du bombardement par l'Otan que s'est déclenché l'exode des Albanais. Cette accusation fut associée aux précédentes pour continuer, non seulement de démoniser les Serbes et Monténégrins mais aussi de les bombarder pendant 78 jours et nuits.

Fausse assertion selon laquelle les forces militaires de l'OTAN seraient venues libérer le Kossov-Métohie.

Les terroristes albanais, organisés et aidés pour certains d'entre eux par les Moudjahidines de Bin Laden (qui étaient venus se battre librement en Bosnie et au Kosovo – Métohie), financés par des trafics de tous ordres mis en lumière par Interpol, furent armés clandestinement par certains pays occidentaux, instruits en partie par les Américains et sont maintenant protégés par la KFOR qui leur a reconnu un rôle de police. C'est en présence des soi-disant troupes internationales de maintien de la paix que l'exode serbe a commencé et que l'on a laissé expulser près de 250 000 Serbes du

Kosovo–Métohie. Leurs précieux monuments anciens : églises et monastères patrimoines de l'humanité, tout comme leurs propriétés privées, ont été détruits sous les yeux des forces internationales de l'OTAN, et cela continue. A la suite du bombardement de l'OTAN, en 1999 jusqu'à nos jours, plus de trois mille civils serbes ont disparu dans la province, tués quotidiennement, en présence des soldats internationaux.

Un décompte occulté affirme que 7000 enfants serbes ont été tués pendant ces guerres, plus que les enfants croates et musulmans réunis. C'est une tragédie terrible pour toutes les trois nations.

Complaintes fausses des Albanais que les Serbes ont noyé trois enfants albanais (17 mars, 2004).

Le report d'UNMIK confirme que les Serbes n'ont pas noyé les enfants albanais.

Les mensonges sur les Serbes sont utilisés pour justifier l'injustifiable :

- Le traitement des Serbes en agresseurs.
- Les sanctions exténuantes depuis dix ans contre Serbie et Monténégro.
- Propagande et démonisation du peuple serbe à travers le monde entier.
- La persécution des Serbes de Krajina et Slavonie.
- L'usurpation de la terre serbe en Bosnie - Herzégovine, pour la réduire de 62 % à 49 %.
- Le bombardement par l'OTAN des Serbes en République Srpska, sous la direction du gouvernement américain et du Président Clinton.
- La réduction inacceptable des droits humains et nationaux des Serbes dans toutes les parties de l'ex -Yougoslavie.
- Le bombardement par l'OTAN des Serbes en République de Serbie et de Monténégro, sous la direction du gouvernement Clinton.
- Le renforcement permanent de l'occupation fasciste albanaise au Kosovo - Métohie par les troupes de KFOR, et les crimes contre les Serbes commis sous leur mandat.
- Le harcèlement permanent des gouvernements serbes successifs, ne leur permettant pas de recouvrer liberté, indépendance et fonctionnement normal de l'Etat, par l'utilisation de chantages et de menaces.
- La continuation du pogrom albanais des Serbes.

Ces bombardements tous injustifiables (en 1995 et 1999) par bombes lestées à l'uranium appauvri ont semé la mort et continuent de tuer quotidiennement en République Srpska et en Serbie, par les cancers que provoque ce poison rémanent.

- XI Que soient appliqués des droits égaux pour les Bosniaques, les Croates et les Serbes en République de Croatie, en Fédération de Bosnie - Herzégovine et en République Srpska, pour que tous puissent décider par référendum s'ils resteront y vivre ou s'ils rejoindront leurs voisinages nationaux dans les nouveaux états.

Souhaitant que vous acceptiez de prendre en compte notre requête, nous signataires, vous prions d'agréer l'expression de notre très haute considération.

Inna SYSSOEVA; citizenship: Russian; Brussels, Belgium; comment: We want real justice, not the farce that is being performed at the Hague where the Serbs are accused as a nation for all the horrible crimes that were committed during the civil wars in ex-Yugoslavia, while the Croats, the Bosnian Muslims and the Kosovars — all of whom participated in these civil wars and in the atrocities against Serbian population — are presented almost exclusively as "victims of Greater Serbia". We want people of the world to know the whole truth about wars in Yugoslavia and about recent conflict in Kosovo, not just the selected bits of it and sometimes blatant lies presented by the Western politicians and media to their public.

It is horrendous and unbelievable that I had had to see such LIES. There was a reason for them - the west wanted something badly, our precious resources? PS. Why is it that we hardly hear any news on Kosovo anymore while so much anguish and agony is going on? Is it because the media would have to explain and to apologize for their past news that was mostly biased and incorrect? Would they have to explain now how the biggest criminals of Europe are the blood-feuding Albanians in Kosovo? IF THIS IS A JUST AND HONORABLE SYSTEM, THE MEDIA SHOULD ALL BE MADE TO MAKE A PUBLIC APOLOGY ON THOSE FALSE REPORTS ON YUGOSLAVIA AS WELL AS MAKE SOME RETRACTIONS. ALL MY NON-SERB FRIENDS THOUGHT EVERYTHING IS PEACHY IN KOSOVO. WELL I HAD TO TELL THEM IT IS NOT - JUST WORSE. THEY WERE STUNNED.
