## **WE ARE **ASHAMED** FOR THE TERROR AGAINST THE SERBS**

We, the signatories of this document, who are the legal and legitimate citizens of the occidental countries where we live (shown in our addresses, if not stated explicitly): Canada, countries of the European Community or the United States of America, ***we are ashamed for the lies on the Serbs, for the use of the lies to justify unjustifiable ignorance of both equal human and national rights of the Serbs, and for the terror against the Serbs.***

***The lies on the Serbs*** have been supported, forcefully distributed, continuously since 1988, or even created by the occidental media and/or governments, in particular by the Clinton Government of the USA, such as the following that contradict shamefully the truth:

- *The false claim that the Republics of ex-SFR Yugoslavia had a legitimate right for their secessions.*

- 

**The legitimate right for self-determination including separation was given exclusively to Yugoslav nations, and not to Yugoslav Republics.** This is clearly expressed by the first sentence of the Constitution of ex-SFRY. The occidental countries forcefully recognized the anti-constitutional secessions of Slovenia, Croatia, Bosnia and Herzegovina and Macedonia from ex-SFRY. This forced the Serbs to defend their lives, rights and properties in their ancestral land. The Serbs have had the equal right for self-determination including separation as all other Yugoslav nations, which is clearly expressed also by the UN Charter (Paragraph 2 of the Article 1 of the UN Chapter). The occidental Governments recognized the rights and the results of the referendums of all Yugoslav nations except those of Serbs.

- *The false claim that the Serbs started the wars in Slovenia and Croatia.*
- **The Serbs did not start any war in ex-SFR Yugoslavia, but they were forced to defend themselves in Croatia.** Majority of the federal army soldiers and officers in the federal Yugoslav Peoples Army in Slovenia were not Serbs. The majority of the federal Yugoslav Peoples Army commanders were not Serbs. Besides, Serbs were not majority in the Presidency of ex-SFRY. The last President of Yugoslav Presidency was not Serb. The Federal Prime Minister was not Serb. The Republic of Croatia eliminated the status of the Serbs as one of two constitutive nations from the Constitution, which was recognized to the Serbs in the Constitution of the former Socialist Republic of Croatia. Moreover, the Republic of Croatia rejected to recognize either the autonomy of the Serbs in Krayina and Slavoniya or the result of their referendum. Such changes and increasing campaign against the Serbs, which forced them to remind themselves of their history in the Hitler established Nazi Independent State of Croatia during the Second World War, pressed them to defend themselves and their rights in Krayina and Slavoniya - the parts of Croatia inhabited by the Serbs for at least last six centuries. The accusation was false also due to the following facts:
  - it was the Croatian paramilitary unit that started fighting against the Serbs in Krayina and Slavoniya in order to prevent Serbs in their endeavors to realize their equal human and national rights and to implement the result of their constitutional referendum,
  - the Serbs became constitutionally one of national minorities in the Republic of Croatia,
  - the Serbs were forced to accept the treatment as minority in their ancestral land where their number was inherently reduced due to the genocidal torture by the Independent State of Croatia during the Second World War,
  - the Serbs in Krayina and Slavoniya were pressed to separate from Yugoslavia against the result of their referendum, and
  - several hundreds of thousands of Serbs were expelled from their ancestral land Krayina and Slavoniya during the well prepared and actually supported by the Clinton USA Government military offensive "Storm" for the ethnic cleansing (1995).
- *The false claim that the Serbs were aggressor in Bosnia and Herzegovina.*
- **The Serbs were severely forced to defend themselves, their rights and their heritage.** Bosnia and Herzegovina have been a part of the ancestral land of the Serbs, who were one of three constitutive nations of S. R. Bosnia and Herzegovina. Serbs were there inhabiting more than 73% and were possessing and defending through centuries more than 62% of the land being their family heritage private property for ever. The accusation was false also due to the following facts:
  - it was a Muslim group that killed the groom's father Mr. Nikola Gardovitch and wounded another their cousin at Serbian wedding in Sarajevo, (beginning of 1992),
  - it was a Croatian paramilitary unit that entered Bosnia and massacred Serbs in Bosanski Brod including its Mayor (1992),
  - the Croatian paramilitary unit continued the next day jointly with a Muslim paramilitary unit to fire Serbian village Siyekovats together with its inhabitants,
  - it was the further escalation of the atrocities committed against Serbs when Muslim paramilitary units massacred more than thousand two hundred of innocent civil Serbs around Srebrenitsa, Skelani, Militchi and Bratunats in Bosnia,
  - it was the series of these events which forced Serbs in Bosnia and Herzegovina to defend themselves military in order to escape the repetition of the destiny that their parents had passed under the Hitler Nazi occupation during the Second World War,
  - the Serbs were forced to suffer in silence for Muslim killing of more than thousand innocent Serbs on orthodox Christmas in the village Kravitse (7 January 1993) and in burnt several villages: mainly women and children since the men were on the front,
  - the Serbs were forced to be silent when they were falsely accused that they had organized concentration camps in Bosnia, which should have been proved by showing a falsified photo,

- the Serbs were forced to suffer also in silence for video cassettes showing Muslim commander Naser Oric holding heads of Serbs, or showing him killing Serbs, which were circulating at that time in Bosnia in order to please those who were financing Mujahedeen's' participation in the war.
- *The false accusation against the Serbs that they committed bombing of civilians at the Sarajevo market Markale.*
- **The Serbs did not commit that crime.** This fact has become well known in Bosnia and Herzegovina, Serbia and Montenegro, but still shamefully hidden from the occidental nations.
- *The false accusation against the Serbs that they committed massacre of 7000 / 8000 innocent Muslims in Srebrenitsa.*
- **Such massacre did not take place.** The truth has been severely forbidden to be publicized in the occidental media.

The above false accusations against the Serbs in Bosnia and Herzegovina were world-wide used to justify unjustifiable bombing of Republic of Srpska (1995) and to enforce their demonization.

- *False accusation against the Serbs that Albanians had lost their human rights, that they were tortured and subjected to genocide.*

**This contradicts the truth that Albanian immigrants into Serbia enjoyed the human rights equal to or even greater than what immigrants have had in occidental countries and that Albanian terrorist were torturing Serbs for decades.**

- The Serbs were exposed to the fascist Great Albania inhuman occupation in the South West part of Serbia - in the Serbian cradle Kosovo and Metohiya, which is their ancestral land, during the Second World War. This resulted in a more than hundred fifty thousands of expelled autochthon Serbs and more than hundred thousands of Albanian Nazi protected newcomers.
- The Serbs were forbidden by the communist Government of Josip Broz Tito to help the expelled autochthon people to return to their homes and properties in Kosovo and Metohiya after the Second World War.
- Serbia was admitting after 1948, by understanding the suffering of the Albanian people under Stalinist dictatorship of Enver Hoja, hundreds of thousands of Albanian immigrants to Kosovo and Metohiya.
- Serbia was enabling the Albanian immigrants to live in freedom, with equal political rights and employment opportunities, full social and health security, cheap good apartments, and free of charge scholarship for education in their native language.
- The Serbs had to observe silently and to suffer from the continued terror after the Second World War of those Albanians who were forcing Serbian families to leave their houses and properties in order to get ethnically clean Albanian region and then to separate Kosovo and Metohiya from the other part of Serbia.
- The artificially granted autonomy to Kosovo and Metohiya was changed legally and legitimately by the valid decision of its Assembly (1989).
- *The false accusation against the Serbs that they committed the massacre of innocent civil Albanians in Racak (1999).*

**Such a massacre did not ever happen.** This false accusation, together with the former false accusations that Albanian people did not enjoy human, social and political rights in Serbia, was

used as the reason and justification to start unjustifiably bombing the people of Serbia and Montenegro (1999).

- *The false accusation against the Serbs for the exodus of the Albanian people.*

**The Albanian exodus started only on the third day of the NATO bombardment as its consequence.** This lie was used not only to demonize further the Serbs but also to justify the continuous bombing of the people of Serbia through 78 days and nights altogether.

- *False information that the UN forces are liberating troops in Kosovo and Metohiya.*

**The Serbs have been forbidden to defend themselves and they have been subjected to the recovered Hitler-like fascist occupation in their ancestral land.** The Albanian terrorists, partially organized by Mujahedeen's and instructed by Bin Laden, who came freely to fight in Bosnia and Herzegovina and in Serbia - Kosovo and Metohiya, partially instructed by the USA military experts, have become protected, sometimes even supported, by KFOR. In the presence of the so called international peacekeeping forces, the Serbs have been expelled almost completely (more than two hundred fifty thousands) from Kosovo and Metohiya. Their ancient invaluable and internationally appreciated monuments, churches, monasteries, as well as private properties, have been destroyed in the presence of the international UN troops. The innocent civil Serbs (more than three thousands only after the NATO bombardment 1999) have been massacred every day in the presence of the international UN troops.

- **Hidden information that more than 7,000 Serbian children were killed in Yugoslavia's Civil Wars, twice as many as Croat and Muslim children combined.** *Tragedy for all three nations.*

### ***The lies on the Serbs were used to justify unjustifiable***

- treatment of the Serbs as the aggressor,
- ten years long exhaustive sanctions against Serbia and Montenegro,
- the propaganda against the Serbs and the world-wide their demonization,
- expulsion of Serbs from Krayina and Slavoniya,
- the reduction of the land belonging to the Serbs in Bosnia and Herzegovina from 64% to 49%,
- the Clinton USA Government led bombing of the Serbs in Republic of Srpska,
- the unacceptable reduction of human and national rights of the Serbs in all parts of ex - SFR Yugoslavia,
- the Clinton USA Government led NATO bombing of Serbia and Montenegro,
- the continuous escalation of the Hitler-like Albanian fascistic occupation of Kosovo and Metohiya and crimes under the protection of KFOR against the autochthon Serbs,
- occupation of the Serbs and their Governments by preventing them to recover freely and democratically their liberty, independence and statehood, which is expressed by dictates to, and even by blackmailing, their Governments in Republic Srpska, Serbia and Montenegro.

**The fully unjustifiable NATO bombings (1995 and 1999) with the depleted uranium sowed the continuous everyday death in Republic Srpska and Serbia.**

## **WE REQUEST EQUAL RIGHTS FOR THE SERBS**

In order to ensure the equal rights guaranteed to all Yugoslav nations by both the Constitution of ex-SFRY and the UN Charter, in order to enable all people on the territory of ex-SFRY to live in freedom and peace, in order to permit good relationships among the Yugoslav nations, minorities and their neighbors, in order to help their peaceful developments; in order to help the UN and the whole international community to accept and support an honest effective long term solution in the sense of the UN Charter for the political and national problems in Yugoslavia, we, all the signatories, refer to our rights guaranteed by the same documents and we submit the following peaceful and human

### **R E Q U E S T**

**to you to accept, support and enable the effective achievement of the following:**

- I Truthful informing of the occidental nations about all Yugoslav peoples, naturally including the Serbs, hence, the full interruption of the unjustifiable demonization of the Serbs.**
- II The full appreciation, recognition and implementation of the equal rights of the Serbs, such as of all other Yugoslav nations, for self-determination including separation.**
- III The protected and materially supported peaceful return and safe resettlement of all the expelled persons and families to their homes and properties in ex-SFRY (in Krayina, Slavoniya, Bosnia and Herzegovina, in the South West part of Serbia - Kosovo and Metohiya, and in Macedonia) in the next six months, if they wished to return.**
- IV The complete and strict application of the Dayton Agreement so that every deviation, distortion or ignorance of its full and rigorous implementation should be immediately stopped.**
- V The complete and strict application of the UN Charter and the UN Resolution 1244 so that every deviation, distortion or ignorance of their full and rigorous implementation should be immediately stopped. Hence, the immediate full interruption of the ignorance of the sovereignty of the Republic of Serbia over its whole territory that includes Kosovo and Metohiya, and the continuation of the legal and legitimate recognition of its complete sovereignty.**

- VI The Government of Serbia should re-establish the complete state sovereignty of the Republic of Serbia over its South West part - Kosovo and Metohiya in the next four months.
- VII All foreigners who do not have and who do not get permission of the Government of the Federation of Bosnia and Herzegovina or of the Government of the Republic of Srpska should leave their territories peacefully and safely in the next four months. Foreigners are those who are not their legal and legitimate citizens.
- VIII All foreigners who do not have and who do not get permission of the Governments of the Republic of Serbia or of the Government of the Republic of Montenegro should leave their territories peacefully and safely in the next four months. Foreigners are those who are not their legal and legitimate citizens.
- IX All the foreign military troops should leave peacefully and safely the territory of Bosnia and Herzegovina in the next six months.
- X All the foreign military troops should leave peacefully and safely the South West part of Serbia - Kosovo and Metohiya - in the next six months. This includes naturally all Albanian military troops (former "UCK" i.e. "KLA") and police units that are not legally and legitimately recognized by the Government of R. Serbia.
- XI The equal right of Boshnyaks, Croats and Serbs in the Republic of Croatia, the Federation of Bosnia and Herzegovina and the Republic of Srpska to decide in free national referendums whether to stay in the states in which they are now or to unite with their neighboring national parts in their new states.

With hope that you will consider and accept our Request, we, all the signatories, remain yours respectfully.

673. Inna SYSSOEVA; citizenship: Russian; Brussels, Belgium; comment: We want real justice, not the farce that is being performed at the Hague where the Serbs are accused as a nation for all the horrible crimes that were committed during the civil wars in ex-Yugoslavia, while the Croats, the Bosnian Muslims and the Kosovars — all of whom participated in these civil wars and in the atrocities against Serbian population — are presented almost exclusively as “victims of Greater Serbia”. We want people of the world to know the whole truth about wars in Yugoslavia and about recent conflict in Kosovo, not just the selected bits of it and sometimes blatant lies presented by the Western politicians and media to their public.

It is horrendous and unbelievable that I had had to see such LIES. There was a reason for them - the west wanted something badly, our precious resources? PS. Why is it that we hardly hear any news on Kosovo anymore while so much anguish and agony is going on? Is it because the media would have to explain and to apologize for their past news that was mostly biased and incorrect? Would they have to explain now how the biggest criminals of Europe are the blood-feuding Albanians in Kosovo? IF THIS IS A JUST AND HONORABLE SYSTEM, THE MEDIA SHOULD ALL BE MADE TO MAKE A PUBLIC APOLOGY ON THOSE FALSE REPORTS ON YUGOSLAVIA AS WELL AS MAKE SOME RETRACTIONS. ALL MY NON-SERB FRIENDS THOUGHT EVERYTHING IS PEACHY IN KOSOVO. WELL I HAD TO TELL THEM IT IS NOT - JUST WORSE. THEY WERE STUNNED.

753. Slavko Kosta ŠOBOT; zanimanje: penzioner; држављанство: Srbija; Kragujevac, Srbija i Crna Gora; E-mail: ssobot@kg.sbb.co.yu; komentar: Peticiju potpisujem kao potomak porodice čiji su punoletni muškarci streljani 2. avgusta 1941. godine zajedno sa ostalim meštanima — muškarcima zatečenim u selu Lužani kod Sanskog Mosta. Preživeli su samo žene i deca i 3 - 5 muških glava koje su već bile u Nemačkoj kao zarobljenici. Sada, posle gradanskog rata 1992 - 1995. godine opet su žrtve meštani sela Lužana, jer su proterani sa vekovnog ognjišta. Kuće u selu su porušene posle vojnih operacija 1995. godine. U selo su se od preko 30 domaćinstava vratili predstavnici dva domaćinstva i to u jedno dva člana a u jedno samo jedan član, zaključno sa današnjim danom. Moje napuštanje rodnog zavičaja nije povezano sa poslednjim građanskim ratom, već je posledica nastojanja da se nađe sigurniji životni prostor kako u pogledu ekonomskih tako i u pogledu socijalnih uslova života i boljih međuljudskih odnosa meštana susednih sela, boljih od onih koje pamtim iz detinjstva bez oca od druge godine života. Novi progon seljana nastupio je u periodu kada su bile ili mogle biti zalečene rane iz drugog svetskog rata a koje su naneli ljudi islamske veroispovesti, iz prvih kuća susednog sela, dakle komšije. Da li njihovi potomci danas znaju zašto su njihovi preci streljali moje pretke (oca, stričeve, dedu i komšije)?
