Dear Mr. Obama,

I guess you learnt what were fascism and nazism about. Their re-establishment is their recovery.

I would donate to your campaign if I knew that you are fully devoted antifascist. Unfortunately, your public statement on your attitude on Serbia and its South West part Kosovo and Metohiya show contrary to that.

I am not USA citizen, but I have loved and admired the Americans for many reasons among which are their noble and brave devotion to fight against Hitler fascism and nazism.

I think it is tragedy not only for the USA but for the whole free world that the last USA Governments fell in the German trap to lead more and more fascist oriented politics. This has escalated by the USA support and protection of the Albanian re-established fascism against the Serbs in Serbia on its South West part known as Kosovo and Metohiya. Hitler protected Albanian fascism there and created fascist state Great Albania by occupying Kosovo and Metohiya and joining it to Albania 1941 - 1945. Clinton Government started, Bush Government continued to realize Hitler and Albanian fascist goal. This is tragedy for USA and the free democratic World. For details you might look at the petition on:

If you stated clearly in public that you are devoted antifascist and antinazist, so that you would withdraw the Bush Government recognition of the illegitimately proclaimed "State of Kosova" on the territory of Serbia: over Kosovo and Metohiya, then not only I but, be sure, all American Serbs, most probably also all Greek Americans, and all other antifascist and antinacist Americans, would strongly support your campaign and election. Your response to the Serbian Unity Congress was very vague and insufficient from this point of view.

You should chose either to follow Roosevelt and Truman or Clinton and Bush. Your oponents, either democratic or republican, selected clearly to follow Clinton and Bush, not Roosevelt and Truman.

This is a public e-mail that can be publicized exclusively in the whole by you and me at any time.

Respectfully yours,
Lyubomir T. Gruyitch

Friend --

It's tough to think of two states more different than Wyoming and Mississippi. But we won Wyoming on Saturday, and we just learned that we won Mississippi by a large margin tonight.

Between those two states, we picked up enough delegates to erase the gains by Senator Clinton last Tuesday and add to our substantial lead in earned delegates. And in doing so we showed the strength and breadth of this movement.

But just turn on the news and you'll see that Senator Clinton continues to run an expensive, negative campaign against us. Each day her campaign launches a new set of desperate attacks.

They're not just attacking me; they're attacking you.

Over the weekend, an aide to Senator Clinton attempted to diminish the overwhelming number of contests we've won by referring to places we've prevailed as "boutique" states and our supporters as the "latte-sipping crowd."

I'm not sure how those terms apply to Mississippi and Wyoming -- or Virginia, Iowa, Louisiana, or Idaho for that matter.

I know that our victories in all of these states demonstrate a rejection of this kind of petty, divisive campaigning.

But the fact remains that Senator Clinton's campaign will continue to attack us using the same old Washington playbook. And now that John McCain is the Republican nominee, we are forced to campaign on two fronts.

It's up to you to fight back. Please make a donation of \$25 today:
