

His Excellency
President of U. S. A. Barack OBAMA
White House
Washington DC
U. S. A.
president@messages.whitehouse.gov, info@barackobama.com

Your Excellency Mr. President OBAMA.

This news is as good as sad. It is good for both the Iraqians to see their country free of the foreign military troops and the Americans to welcome their boys healthy.

This news is sad because it have again raised the following questions in myself:

What has made the U. S. A. Governments so weak to accept and support the Nazi destruction of (SFR) Yugoslavia forced by Germany (the first international engagement of F. R. Germany after its unification was to destroy well known antifascist pacific SFR Yugoslavia; for more details and proofs please see: http://www.truth-justice-peace.com/truth_on_freedom_and_equal_rights_for_the_serbs_and_serbia/to_the_fr_germany_state_authorities)?

Why have the USA Governments been betraying their own Second World War noble Heroes by supporting the Ustasha like ethnic cleansing of the Serbs from Krayina, Slavoniya, Bosnia and Herzegovina, the re-establishment of the Nazi occupation of Serbia – Kosovo and Metohiya and the enslavement of the innocent Serb people in its ancestor land?

Why have the USA Governments been betraying their own brave and honest people by creating the lies about the Serbs, Republic Srpska and Republic of Serbia and worldwide forcing their spreading?

Instead of asking you these questions, since you have not created such U. S. A. politics, I wish to kindly ask you for favor:

Please, order as the Commander in Chief of the USA Army the peaceful return of all USA military troops and weapon from Kosovo and Metohiya and close the illegally built USA military base Bondsteel before coming Christmas. I think, this will be your necessary contribution to rebuilding both the USA prestige and moral authority as a fair leader of the free World and the USA economic.

I use this opportunity to wish you, your family and the American people happy preparation for Thanksgiving.

Respectfully yours,
Belgrade, October 22, 2011.

From: president@messages.whitehouse.gov

Good evening,

I'm writing to tell you that all US troops will return home from Iraq by the end of December. After nearly nine years, the American war in Iraq will end. Our servicemen and women will be with their families for the holidays.

The war in Iraq came with tremendous cost. More than a million Americans served in Iraq, and nearly 4,500 gave their lives in service to the rest of us.

Today, as always, we honor these patriots.

When I came into office, I pledged to bring the war in Iraq to a responsible end.

As Commander in Chief, I ended our combat mission last year and pledged to keep our commitment to remove all our troops by the end of 2011. To date, we've removed more than 100,000 troops from Iraq.

This is a significant moment in our history. For more information, including video, please visit WhiteHouse.gov/BringingTroopsHome.

The end of the war in Iraq reflects a larger trend. The wars of the past decade are drawing to a close.

As we have removed troops from Iraq, we have refocused our fight against al Qaeda and secured major victories in taking out its leadership—including Osama bin Laden. And we've begun a transition in Afghanistan.

On the first day of my Administration, roughly 180,000 troops were deployed in Iraq and Afghanistan. By the end of this year that number will be cut in half, and we'll continue to draw it down.

As we welcome home our newest veterans, we'll enlist their talents in meeting our greatest challenges as a nation—restoring our economic strength at home.

Because after a decade of war, the nation that we need to build is our own.

Today the United States moves forward, from a position of strength.

Thank you,

President Barack Obama
